

# Special Note:

**Freshman/Sophomore Athlete who will run JV Relays but also competes in Open Varsity Events.**

There is only one way this will work, please refer to the below Example:

In Your Roster:

Enter athlete using the following formula:

| <b>Name</b> | <b>Yr.</b> | <b>Division</b>                          |
|-------------|------------|--|
| Tom Young   | Sophomore  | Varsity - Use this for Open Events       |
| T. Young    | Sophomore  | Junior Varsity – Use this for F/S Relays |

- This means for each athlete that meets above criteria will need to be listed twice on your roster. Once as a varsity athlete and once as a JV. Remembering to only use the initial for the first name of the JV relay runner.
- The entry system will not allow the same name to be entered twice from a school – regardless of divisions. Therefore you must enter the athlete as listed above for it to be accepted into the system.
